

Experience

Internship, Chen Chen & Kai Williams; Greenpoint, NY March 2013 - Present
First hand experience of a small design build studio. Helped with fabrication and ran errands.

Lego Builder, Sean Kenney; Queens LIC, NY Jan 2013 - Present
Working on a team of six building Lego sculptures. Learned how to manage a production schedule and work in a team.

CNC Technician, Pratt Institute; Brooklyn, NY August 2012 - Present
Pioneered the CNC rapid prototyping facilities at Pratt. I learned how to manage employees and a facility.

Artist Assistant, Nathan Slate Joseph; Hamptons, NY August 2012
I help compose and fabricate metal sculptures. Working to create someone else's aesthetic has taught me when to express or suppress my opinion.

Material Handler, Hoffer Plastics; Elgin, IL April 2010 - September 2010
Worked full time helping to maintain and restock injection molded plastic machines. Tasks included installing molds, monitoring and refilling virgin material, flushing out the entire system, inspecting and sorting pieces, grinding rejected parts, packaging parts, and marking inventory.

Landscape Design, BB Blooms; Sleepy Hollow, IL April 2008 - September 2009
Worked on a team of two, directed by Bette Biasotti. We designed, redesigned, and maintained commercial and residential landscaping. Learned how to follow orders, problem solve, work in a team and how to care for the earth.

Commercial Photography Internship, Sierra Studio Inc, Dundee, IL Jan 2008 - May 2008
Interned at a commercial photography studio learning how to set up lighting, arrange shots, use professional photo equipment, post-production photo editing and how to meet a deadline.

Education

Pratt Institute, Brooklyn, NY — Bachelor of Industrial Design	September 2010 - May 2013
DIS, Copenhagen, Denmark — Furniture Design in Scandinavia	June 2011 - August 2011
University of Michigan, Ann Arbor, MI	September 2008 - April 2010
RISD Pre-college, Providence, RI — Summer Pre-college	June 2007 - August 2007

Skills

Fabrication in various materials
Wood - Full shop knowledge, veneer lamination, CNC
Steel - Welding (TIG, MIG, Oxy Acetylene), Vertical Mill, Lathe, Forging
Bronze - Casting, Welding (TIG)
Plastic - Vacuum Forming, Injection Molding, Laser Cutting, CNC

Casting and Moldmaking of various rubbers, plastics, and ceramics.

Advanced proficiency in Adobe photoshop, Illustrator, Indesign, Solid Works, Rhino, Ableton Live, Final Cut.

Basic proficiency in HTML, CSS, Flash.

Letterpress, Silkscreen
